- 0355 Maagay 1. Inarawan
Antipolo City, Rizal, 1870

Objective

Combined expertise in Software Engineering, UI/UX Design, and Business Strategy. I leverage my technical background and entrepreneurial experience to create intuitive, market-ready digital experiences and solve complex problems with a user-first mindset.

Skills

- Creativity
- Graphic Designer
- UI/UX Design
- Technical: Python, Java, JavaScript, HTML, CSS.
- Soft Skills: Adaptability, Project Management
- Business: E-Commerce, Market Analysis.

Education

Tertiary

STI College

Bachelor of Science in Computer Science
Cainta Rizal, 2022 - PRESENT

Secondary - Senior High School

Our Lady of Fatima University

Science, Technology, Engineering, and Mathematics
Antipolo City, Rizal 2020 - 2022

Secondary - Junior High School

Don Antonio de Zuzuarregui, Sr. Memorial Academy

Antipolo City, Rizal, 2016 - 2020

Primary

Holy Child School of Antipolo

Antipolo City, Rizal, 2012 - 2016

Cubao Elementary School

Quezon City, 2010 - 2011

Experience

Fatima Antipolo Otaku Society (FAOS), Antipolo City, Rizal

SHS Representative / P.R.O

July 2021 - 2022

Managed public relations, marketing, and grade-level representation to drive participation and streamline communication.

Certificates

Certificate of Recognition for A Web-Based WIRE System for STI College with Real-Time Enrollment and Inquiry Tracking
ALPHA Tech Fest Capstone Symposium, STI College Ortigas-Cainta, 2025

SHEERA MAE D. MAGNAYE

0355 Maagay 1 Inarawan Brgy. Inarawan, Antipolo City, Rizal

magnaye.sheeramae@gmail.com

+63 977 246 0566

Bridging the gap between high-performance engineering and human-centered design, I am a graduating Computer Science student and Academy Delegate: Cloud Elite. My approach to software delivery is defined by a quality-first mindset and a unique fusion of Web Development and Creative Design. I don't just build functional systems; I craft stable, visual-forward experiences. As an Authentic Individual (AI), I am driven by an entrepreneurial spirit and a commitment to technical excellence in every line of code.

Educational Background

Tertiary

STI College	2022 - Present
Bachelor of Science in Computer Science	
Ortigas Ave. Ext., Cainta, Rizal	

Secondary - Senior High

Our Lady of Fatima University	2020 - 2022
Science, Technology, Engineering, and Mathematics	
Antipolo City, Rizal	

Work Experiences

Accenture

Apr 2026 – Present

Academy Delegate: Cloud Elite
Mandaluyong City

Accenture

Feb 2026 – Apr 2026

Microsoft AppDev OJT Trainee
Mandaluyong City

Professional Experiences

Arduino Day Philippines (ADPH)

Feb 2026 - March 2026

Volunteer Graphics Designer

- Produced social media assets, merchandise, and official certificates using Canva, ensuring brand consistency.
- Collaborated with creative teams to plan events and ensure the timely execution of visual assets.

Fatima Antipolo Otaku Society (FAOS), Antipolo City, Rizal

July 2021 - 2022

SHS Representative | P.R.O

- Managed public relations, marketing, and grade-level representation to drive participation and streamline communication.

Technical Skills:

Working Knowledge

- Programming & Database:** Java, C#, SQL
- Cloud & Infrastructure:** Microsoft Azure (Cloud Elite), AWS Ecosystem
- Business & Strategy:** E-Commerce, Market Analysis, Project Management

Core & Hands-on Proficiency

- **Web & Programming:** HTML, CSS, JavaScript, Python
- **Design & Prototyping:** UI/UX Design, Figma, Canva, Graphic Design
- **Development Tools:** VS Code, Git/GitHub

Familiar / Currently Learning

- **Backend & Frameworks:** ASP.NET Core, Node.js, Razor Pages
- **Emerging Tech:** DevOps Practices, AI Theory

Soft Skills

- **Analytical:** Attention to Detail, Creative Problem-Solving, Market Research
- **Collaboration:** Team Coordination, Cross-functional Communication
- **Operational:** High Adaptability, Continuous Learning

Projects

A Web-Based WIRE System for STI College with Real-Time Enrollment and Inquiry Tracking (2025)

Responsive, user-centric front-end using HTML, CSS, and JavaScript, featuring dynamic themes and intuitive UI enhancements to elevate the digital experience. Executed the end-to-end design lifecycle—from high-fidelity Figma wireframing to rigorous cross-browser quality assurance—ensuring technical performance and visual consistency. presented the final architecture at the Capstone Symposium (ALPHA Tech Fest), showcasing a commitment to quality-first software delivery and human-centered design.

Don't get Hit! STI Edition (2025)

Developed "Don't Get Hit! STI Edition," a 2D gamified simulation promoting road safety through interactive mechanics and dynamic AI-driven traffic systems. Engineered complex features including synchronized signaling, environmental challenges, and a "Good Student" reward structure that incentivizes real-world pedestrian compliance. Delivered a cross-platform experience balancing reflective play with progressive difficulty and course-based character abilities.
